## HONORABLE CITY COUNCIL

**RE:** Request of Method Erskine, LLC to approve site plans and elevations for an existing Planned Development (PD) zoning classification shown on Article XVII, District Map No. 4, of the 1984 Detroit City Code, Chapter 61, Zoning, for the redevelopment of residential property commonly referred to as 304 Erskine (**RECOMMEND APPROVAL WITH CONDITIONS**).

### PROPOSAL

The City Planning Commission has received, processed and now presents to Your Honorable Body the request of Method Erskine, LLC to approve site plans and elevations for an existing PD (Planned Development District) zoning classification. The plan calls for the redevelopment of the existing structure at 304 Erskine Street to be reestablished as an eight (8) unit residential building.

Existing

Proposed

The proposal also includes an eight (8) stall surface parking lot to the rear of the building. The site is approximately 0.1727 acres with the lot dimensions being 150' x 50.' The building, once completed, would remain two (2) stories at 33' 8" with a total gross square footage of 7,805 sf.

Of the eight units proposed for the redevelopment, the unit mix is as follows:

Two (2) units are efficiency units totaling 732 sq ft. and 624 sq ft.  
 Four (4) units are one (1) bedroom units ranging 640 sq. ft. to 709 sq. ft.

Two (2) units are two (2) bedroom units at 968 sq. ft. and 1,134 sq ft.

Six (6) units will be at market rate rent, and the remaining two (2) units are affordable units at 80% AMI.

Lastly the plan calls for energy efficient lighting and stormwater management systems. The anticipated construction date is May 2019 with a May 2020 anticipated completion date.

## **PLANNING CONSIDERATIONS AND ANALYSIS**

### ***Surrouding Zoning and Land Use***

The zoning classification and land uses surrounding the subject area are as follows:

**North:** is zoned PD; undeveloped parcels; residential structure; Chilli Mustard Onions restaurant

**East:** is zoned PD; underutilized grassy lot

**South:** is zoned PD; Residential structure

**West:** is zoned PD; Residential structure

### ***Master Plan of Policies***

The subjct site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Usc map for this area shows Mixed-Residential/Commercial (MRC) for the subject property. CPC considers this proposal to be consistent with the MP. A determination by the Planning and Development Department is forthcoming.

## **ANALYSIS**

This project is generally in conformance with the PD District design criteria of Sec. 61-11-15 of the Zoning Ordinance.

In regard to criterion (b) which speaks to *scale, form, massing, and density* and also criterion (c) which speaks to *compatibility*; this project seeks to rehabilitate currently an existing structure. Since the intent of the project is to reestablish the same dimensions, massing, form and aesthetic of the existing structure, staff has no concerns with the building fitting the context of Erskine Street.

Criterion (e) mandates that *Parking and Loading* should allow for adequate vehicular off-street parking facilities. This project offers the typical parking configuration that many Brush Park multi-family dwellings offer, being parking with a rear access from the alley. The garage will host eight (8) parking spaces.

## **COMMUNITY INPUT**

The CDC has submitted a letter of support for the project stating their support for the redevelopment of the subject property.

## **RECOMMENDATION**

On April 4, 2019, City Planning Commission voted to approve the proposal of Method Erskine, LLC with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and

2. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.
3. That CPC staff may review and approve an appropriate opaque fence for rear yard and also an appropriate parking configuration prior to final approval to submit for applicable permits.

Respectfully submitted,

Marcell R. Todd, Jr., Director  
Kimani Jeffrey, City Planner

**By Council Member \_\_\_\_\_:**

**WHEREAS**, Method Erskine, LLC has requested site plan review to approve preliminary site plans and elevations for the redevelopment of the existing structure at 304 Erskine Street to be established as an eight (8) unit residential building.(also known as Tax Parcel No. 01000779) Article XVII, District Map No. 4, of the 1984 Detroit City Code, Zoning; and

**WHEREAS**, the proposed development is located within an existing PD (Planned Development) district and consequently, subject to the provisions of Article III, Division 5, Subsection C; "Authority to Review and Approve Site Plans," (Section 61-3-142) of the Detroit Zoning Ordinance; and

**WHEREAS**, the PD district zoning classification requires that site plans be reviewed and approved by the Detroit City Council following the receipt of a written report and recommendation from the City Planning Commission; and

**WHEREAS**, the Detroit City Council has reviewed the preliminary site plan and found the proposed development to be in agreement with the applicable site plan review approval criteria described in Article III, Subdivision D of the Zoning Ordinance; and

**WHEREAS**, the Planning and Development Department Staff have found the proposed development to be in conformance with the applicable Brush Park Rehabilitation Project Development Plan (Third Modification) dated July 10, 2002;

**NOW, THEREFORE, BE IT RESOLVED**, that the Detroit City Council approves the preliminary site plans and elevations described in the corresponding communication from the City Planning Commission, dated April 1, 2019 and depicted in the "304 Erskine Site Plan" prepared by Studio Visionaries Innovators Architects and dated April 4, 2019 with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and
2. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.
3. That CPC staff may review and approve an appropriate opaque fence for rear yard and also an appropriate parking configuration prior to final approval to submit for applicable permits.

**Re: 304 Erskine Development**

The Brush Park Community Development Corporation (the "CDC") forwards this letter to indicate our support for the proposed development update for the property located at 304 Erskine Street (the "Project").

The Project plan and elevations for the proposed renovation of the existing historic home for multi-family dwelling and the new construction of a six-car garage for residents of the house were presented before the CDC and the Brush Park community at a public meeting held on November 13, 2018. Community members attending the meeting were generally receptive of the Project.

By a vote of 6 in favor, 1 objection, and 0 abstentions, the Board voted to support the Project. Attachment A contains the opinions offered by the Board during the voting process for your consideration; please note, the opinions have no bearing on the Board's vote and are included for reference only.

We thank you again for your commitment to Brush Park and making a positive impact in our community.

Sincerely,

Karissa Holmes, Secretary

**Attachment A: Poll Comments for "304 Erskine"**

Below are the opinions submitted by CDC Board Members during the voting process for reference and consideration. Please note, the opinions have no bearing on the Board's final vote and are included for reference only.

**Comment 1**

*I am excited that this residence will be renovated, however I do not support the totality of the design due to the discrepancy between the render and blue prints that misleadingly show the facade of the new build garage will match, in color, with the existing brick of the home but the plans state the garage will be built of corrugated steel and painted storm gray giving the appearance of a shipping container or aluminum shed instead of complementing the historic home on the property.*

**Comment 2**

*I am generally supportive of the project. However, I would highly suggest landscaping done to mask the surface parking lot. Also, does the developer expect that cars would be able to park in front of each garage door as well (is there enough room to do so)? Given the limited parking in the neighborhood that would be advised.*

**HONORABLE CITY COUNCIL**

**RE:** Request of the petitioner City Growth Partners LLC to amend Article XVII, District Map 4, of the 1984 Detroit City Code Chapter 61, Zoning, and the provisions of the existing PD-H (Planned Development District-Historic) zoning classification on properties commonly known as 3124-3136 Brush Street, 420-430 Erskine Street, 3101, 3119, 3129, and 3137 Beaubien Street and 427-437 Watson Street generally bounded by Erskine Street on the north, Beaubien Street on the east, Watson Street on the south, and Brush Street on the west to establish the mixed-use development known as Brush House.

**NATURE OF REQUEST**

The City Planning Commission (CPC) presents to your Honorable Body the request of City Growth Partners, LLC to modify the provisions of an existing PD (Planned Development District) zoning classification in an Historic District for properties located at the northwest corner of Brush Street and Watson Street. These properties are more commonly known as 3124-3136 Brush Street, 420-430 Erskine Street, 3101, 3119, 3129, and 3137 Beaubien Street and 427-437 Watson Street and are generally bounded by Erskine Street on the north, Beaubien Street on the east, Watson Street on the south, and Brush Street on the west. This request is being made in order to establish the mixed-use development known as Brush House.

**PROPOSAL**

The subject site is located within the Brush Park Historic District. It is nearly one (1) acre occupying almost an entire city block, excluding a few parcels that the developer does not control.

The project consists of two (2) buildings (A and B) to be situated on a parcel approximately 47,275 square feet in area. The gross square footage for the residential portion of this project totals approximately 188,869 sf. The commercial area totals approximately 14,383 sf. The project has a combined floor area of 203,252 sf.

Rendering of Brush House

The space is inclusive of 168 studio, one and two bedroom apartments. Studio apartments total approximately 75 units, 1-bedrooms total 68 units, and 2-bedrooms total 25 units. Both of the buildings are proposed at five (5) stories with a height of 54'. Amenities planned for the development include community area, a roof terrace and courtyard.

The project includes 122 tot. The below-grade parking will include 122 spaces. Of that 104 space are to be contained in an underground parking deck, while the remaining 18 spaces will be at surface level.

The developer expects the project to create 300 temporary jobs and 30 permanent.

Aerial view

## **PLANNING CONSIDERATIONS AND ANALYSIS**

### ***Surrounding Zoning and Land Use***

The zoning classification and land uses surrounding the subject area are as follows:

**North:** is zoned PD; Hospice of Michigan

**East:** is zoned PD; Brewster Homes

**South:** is zoned PD; Underutilized parcels

**West:** is zoned PD; Underutilized parcels

### ***Master Plan of Policies***

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Use map for this area shows High Density Residential for the subject property. CPC considers this proposal to be consistent with the MP and is awaiting an interpretation from the Planning and Development Department (PDD) which has already reviewed the proposal and is in support.

## **COMMUNITY OUTREACH AND PUBLIC HEARING RESULTS**

The petitioner has presented to the community on at least three (3) occasions and has also spoken to the most immediate neighbors in an effort to acquire the additional dormant properties. The Brush

Park CDC submitted a letter of support. During the CPC public hearing for this request, two members of the public spoke expressing neither, support or opposition.

## APPROVAL CRITERIA

The development is generally consistent with the approval criteria outlined in Sec. 61-3-96 of the Zoning Ordinance. Staff specifically points to the following findings in review.

*(a) Master Plan. The proposed development should reflect applicable policies stated in the Detroit Master Plan.*

The development is consistent with the Master Plan of Policies. “The High-Density Residential designation allows for an overall density that’s greater than 24 dwelling units per net residential acre. Such areas are often characterized by large-scale multi-unit apartment buildings with a common entrance and shared parking.”

*b) Scale, form, massing, and density. Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development.*

The scale of the building is appropriate in that the proposed site is located in a high-density designated area by the Master Plan. The scale will be in sync with the recently approved Brush and Watson development to the south, just across the street. In terms of form and massing, the development tries to create breaks in the massing to avoid dull facades, and to create some variation.

*(c) Compatibility. The proposed development should be compatible with surrounding development in terms of land use, general appearance and function, and should not adversely affect the value of properties in the immediate vicinity.*

The subject block is largely undeveloped outside of the two (2) dilapidated structures that currently abut the site.

*e) Parking and loading. Where appropriate, adequate vehicular off-street parking and loading should be provided. The City Planning Commission will be guided by standards delineated in this zoning ordinance with adjustments appropriate to each specific situation.*

This development provides parking underground which, when possible, is desirable as it hides the parking from the street view. This serves to relieve the impact of cars that would typically be housed in off-street surface parking creating gaps in the built environment. The impact of large housing of off-street parking is that it creates “seas of parking” which are injurious to many elements of a walkable community. So developers are always encouraged to find creative ways to provide parking within the interior of developments.

Below-grade parking can be cost prohibitive, so it is commendable when a development can accomplish this means of housing vehicles and work it into pro forma. It should be noted that development will have 168 units, however will only provide 122 parking spaces (not including commercial/retail requirement) which is not the typically required number of spaces. The developer feels that this will accommodate the demand that the project will have.

*(k) Orientation. Careful consideration should be given to orientation both for solar access to the proposed project and for shadow impact upon surrounding development.*

The building is designed to orient towards and address the streets that it faces. The ground-floor spaces are oriented to the streets in order to build street-level appeal and encourage pedestrian activity. The orientation of the proposed buildings are appropriate and desired from a urban planning

perspective.

**p) Urban design.** *Urban design elements of form and character, especially in intensely developed areas, should be carefully considered. Such elements include, but are not limited to: richness and interest of public areas through the provision of storefronts, window displays, landscaping, and artwork; color, texture and quality of structural materials; enclosure of public spaces; variations in scale; squares, plazas and/or "vest pocket parks" where appropriate; continuity of experience, visual activity and interest; articulation and highlighting of important visual features; and preservation and enhancement of important views and vistas.*

The development as planned will be a generator of activity along Brush Street in a part of Brush Park that needs the pedestrian activity. The buildings will complement the other coming development along this thoroughfare. The use of large store front displays for the large amount of retail/commercial space the buildings will provide, should be appealing to the population that currently exists and also those who are expected to move into the community in the coming years.

## **RECOMMENDATION**

At the regular CPC meeting December 6, 2018 the City Planning Commission voted to approve this proposal of City Growth Partners LLC with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and
2. That CPC staff may review and approve an appropriate opaque fence for rear yard and also an appropriate parking configuration prior to final approval to submit for applicable permits.
3. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.

Respectfully submitted,

Marcell R. Todd, Jr., Director  
Kimani Jeffrey, City Planner

**Attachment A: Poll Comments for "Brush House"**

Below are the opinions submitted by CDC Board Members during the voting process for reference and consideration. Please note, the opinions have no bearing on the Board's final vote and are included for reference only.

**Comment 1**

*In general, I support this project. Related to the facade materials, the developer mentioned they are still deciding whether the two buildings would have the same or different facade design/materials. My preference would be for different facade treatment between the two buildings to offer more variety in the architecture of this block and the neighborhood overall, and to prevent it from looking like one large building or one "development".*

**Comment 2**

*In general, I support this project. However, the massing feels overpowering for the block. It's basically two very large buildings. And to [Comment 1], if it's all the same materials and design, it's going to feel like one massive building. Thoughts?*

**Comment 3**

*In general I support this project, but agree that the massing is overpowering and that the design is too monotone. I would like to see the developer take cues from the building across the street on Erskine and incorporate at least one other building material or color. Using a lighter color in some places could also make the project feel less heavy and overpowering.*

## **SUMMARY**

An ordinance to amend Chapter 61 of the 1984 Detroit City Code, ‘*Zoning*,’ commonly known as the Detroit Zoning Ordinance, by amending Article XVII, District Map No. 4 to modify the existing PD-H (Planned Development District-Historic) zoning classification, established by Ordinance 25-96, to allow for residential housing units with ground-floor retail and commercial space generally bounded by Erskine Street on the north, Beaubien Street on the east, Watson Street on the south, and Brush Street on the west.

**HONORABLE CITY COUNCIL**

**RE:** Request of the petitioner City Growth Partners LLC to amend Article XVII, District Map 4, of the 1984 Detroit City Code Chapter 61, Zoning, and the provisions of the existing PD-H (Planned Development District-Historic) zoning classification for properties located at the northwest corner of Brush Street and Watson Street and commonly known as 3119 Brush Street and 313 Watson Street to develop eight (8) townhouse units with parking on-site (**RECOMMEND APPROVAL WITH CONDITIONS**).

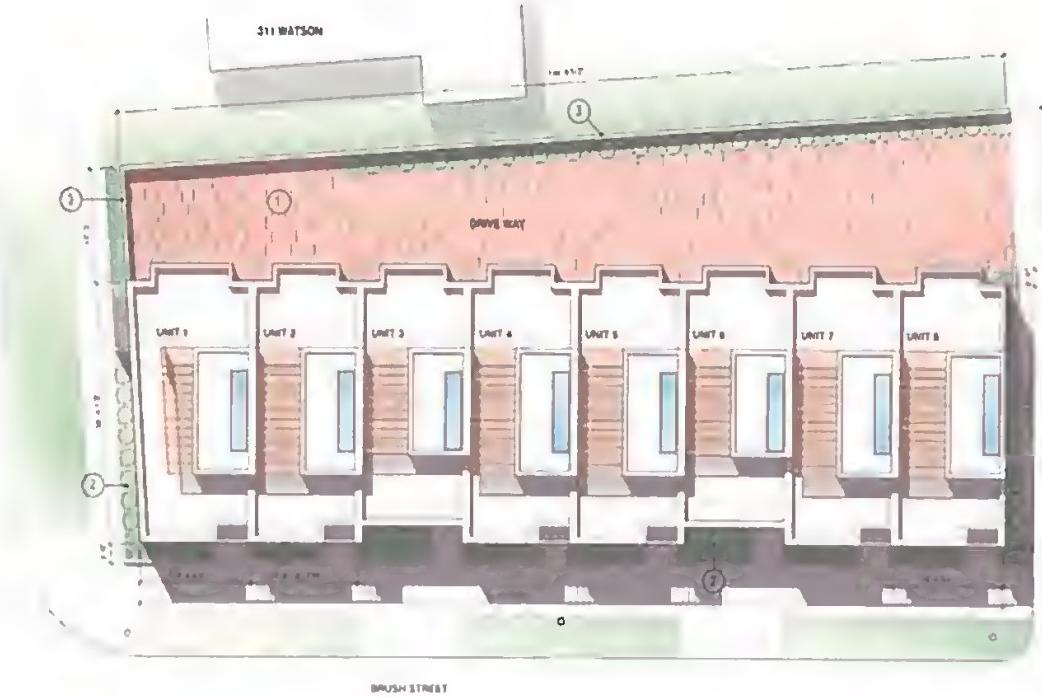

**NATURE OF REQUEST**

The City Planning Commission has received the above captioned request of the City Growth Partners, LLC and now presents this report and recommendation to Your Honorable Body. The request is to modify the provisions of an existing PD (Planned Development District) zoning classification for properties located at the northwest corner of Brush Street and Watson Street and commonly known as 3119 Brush Street and 313 Watson Street to develop eight (8) townhouse units with parking on-site. This proposal is also located within the Brush Park Historic District.

## **PROPOSAL**

The subject site lies on approximately 0.223 acres of land. The plans call for the development of eight (8) attached townhomes, each three (3) stories in height.

The structure will have a maximum height of approximately 42'-7" at its highest point and entail 16,829 total gross square feet. Each townhome is planned to be a two (2) bedroom unit of approximately 2,080 square feet. The materials for the building include ironspot brick masonry, fiber cement panels, composite wood, ornamental brick, and a bay window wall system among other features. The developer plans to break ground in 2019 and complete construction by the first quarter of 2020.

## **PLANNING CONSIDERATIONS AND ANALYSIS**

### ***Surrounding Zoning and Land Use***

The zoning classification and land uses surrounding the subject area are as follows:

**North:** is zoned PD; undeveloped parcels;

**East:** is zoned PD; Residential structure; underutilized grassy parcel

**South:** is zoned PD; Residential structure; underutilized grassy parcel

**West:** is zoned PD; Residential structure

### ***Master Plan of Policies***

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Use map for this area shows High Density Residential for the subject property. CPC considers this proposal to be consistent with the MP.

## **COMMUNITY OUTREACH AND PUBLIC HEARING RESULTS**

The petitioner has presented to the community on at least three (3) occasions and also spoken to the most immediate neighbor at 311 Watson. The Brush Park CDC has also submitted a letter of support for this proposal.

One (1) member of the public spoke at the CPC public hearing, neither in opposition or support of the project.

## APPROVAL CRITERIA

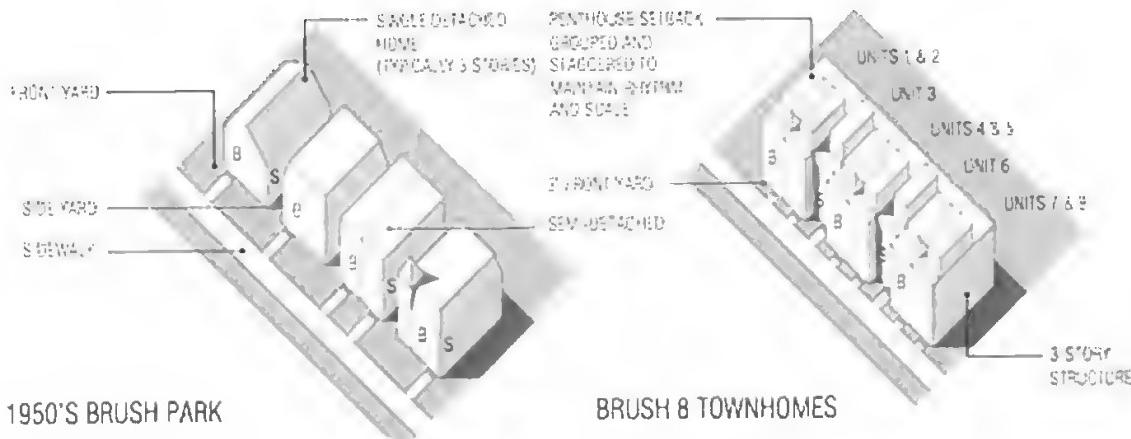

The development proposal is generally consistent with the approval criteria outlined in Sec. 61-3-96 of the Zoning Ordinance. Staff specifically points to the following issues.

*(a) Master Plan* The proposed development should reflect applicable policies stated in the Detroit Master Plan.

The development is consistent with the Master Plan of Policies. The Mixed-Use Residential/Commercial (MRC) designation encourages mixed-use development but also allows for residential only developments in which this development would identify with.

*b) Scale, form, massing, and density.* Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development.

The subject development fronts onto Brush Street and lies between Erskine and Watson Streets. There is one existing residential home in proximity of the subject site. This historic home as well as the Sanborn maps from 1950, were used for context when developing the massing and height for the proposed building. The building is contextually fitted to the block, using recesses and staggered rhythm to mimic the pattern of historic homes that once were. The development team being sensitive to the nearby home has also maintained a contextual height. The one thing that is not contextual is the setback from Watson Street, however this is a tough condition to overcome when orienting the building towards Brush Street. Since the parcel is on a corner lot, this condition can be deemed appropriate.

*e) Parking and loading.* Where appropriate, adequate vehicular off-street parking and loading should be provided. The City Planning Commission will be guided by standards delineated in this zoning ordinance with adjustments appropriate to each specific situation.

Parking for the development is housed on the ground floor of each townhome, tucked in and hidden from the public realm. There is a one-to-one ratio; units to parking spaces which meets the requirement of the Zoning Ordinance for this site. Parking for each unit is accessed through

the alley, which is typical for many Brush Park buildings.

*j) Screening. Appropriate buffering and screening of service, loading, refuse collection, mechanical and electrical equipment and of parking areas should be provided.*

The developer has considered a softer approach to the screening wall on the property line between their site and the neighboring dwelling. A vegetative buffer or other softer buffer will be used for the property line. The developer has requested to finalize this matter with CPC staff.

## **RECOMMENDATION**

At the CPC regular meeting of December 6, 2018, the City Planning Commission voted to approve this proposal of City Growth Partners LLC with the following conditions:

1. That the developer work with the immediately adjacent community to minimize disruption to the neighborhood during construction and address impacts that may arise; and
2. That final site plans, elevations, lighting, landscape and signage plans be submitted by the developer to the staff of the City Planning Commission for review and approval prior to submitting applications for applicable permits.

**Re: Brush B Development**

The Brush Park Community Development Corporation (the "CDC") forwards this letter to indicate our support for the proposed "Brush B" development for the property located at Brush Street and Watson Street (the "Project").

The Project plan for the proposed new construction of an eight-unit townhouse building was presented before the CDC and the Brush Park community at a public meeting held on November 13, 2018. Community members attending the meeting were generally receptive of the Project.

By a vote of 6 in favor, 0 objections, and 0 abstentions, the Board voted to support the Project. Attachment A contains the opinions offered by the Board during the voting process for your consideration; please note, the opinions have no bearing on the Board's vote and are included for reference only.

We thank you again for your commitment to Brush Park and making a positive impact in our community.

Sincerely,

Karissa Holmes, Secretary

Cc: City of Detroit Planning & Development

#### Attachment A: Poll Comments for "Brush 8"

Below are the opinions submitted by CDC Board Members during the voting process for reference and consideration. Please note, the opinions have no bearing on the Board's final vote and are included for reference only.

##### Comment 1

*In general, I support this project – good urban farm, appropriate building type, quality materials, appropriate use of alley, and appropriate vehicle parking scenario. I do, however, have some comments for the developer's consideration that would improve the project but have no bearing on my support.*

- Existing historic structures in the neighborhood have "raised bases" of at least 3 ft or taller; other new construction are incorporating this raised base and HDC has typically required or requested it. It appears Brush 8 has just a 1-ft raised base (two steps up to the porch). I realize HDC has already approved this project, but this building would be better received if it complied with historic standards as it would enhance consistency of new construction with existing structures.
- The building lacks same variety along its 150' Brush Street length. Could be improved by varying the facade treatment, heights, close setbacks, if possible.

##### Comment 2

*Although I support the project, I think the design is boring and unattractive. Its very plain and monotone, particularly when compared against adjacent historic structures. While I understand the intent of a modern design, I would suggest that the developer consider ways to incorporate more historically complementary design and variations of color as well as better landscaping, particularly along Brush street.*

## **SUMMARY**

An ordinance to amend Chapter 61 of the 1984 Detroit City Code, 'Zoning,' commonly known as the Detroit Zoning Ordinance, by amending Article XVII, District Map No. 4 to modify the existing PD-H (Planned Development District-Historic) zoning classification, established by Ordinance 25-96, to allow for eight (8) townhouse units on the properties located at the northwest corner of Brush Street and Watson Street and commonly known as 3119 Brush Street and 313 Watson Street.

1 BY COUNCIL MEMBER \_\_\_\_\_:

AN ORDINANCE to amend Chapter 61 of the 1984 Detroit City Code, 'Zoning,' commonly known as the Detroit Zoning Ordinance, by amending Article XVII, District Map No. 4 to modify the existing PD-H (Planned Development District-Historic) zoning classification, established by Ordinance 25-96, to allow for eight (8) townhouse units on the properties located at the northwest corner of Brush Street and Watson Street and commonly known as 3119 Brush Street and 313 Watson Street.

2 IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

3 Section 1. District Map 4 of Chapter 61, Article XVII of the 1984 Detroit City Code, 4 'Zoning,' commonly known as the Detroit Zoning Ordinance, is amended as follows:

5 District Map No. 4 is amended to modify the approved plans for the PD-H (Planned  
6 Development District-Historic) zoning classification, currently shown on the following parcels:

7 **Parcel 1**

8 North of Watson, the rear 75 feet of Lot 1, Block 8, Brush's Subdivision of part of Park  
9 Lots 15, 16, and 17, and part of Brush Farm adjoining, as recorded in Liber 3 of Plats,  
10 Page 25, Wayne County Records.

11 **Parcel 2**

12 North of Watson, the south 75 feet of Lot 1, Block 8, Brush's Subdivision of part of Park  
13 Lots 15, 16, and 17, and part of Brush Farm adjoining, as recorded in Liber 3 of Plats,  
14 Page 25, Wayne County Records.

15 All development within the PD (Planned Development District) zoning classification for  
16 the land described herein shall be in accordance with the site plans, elevations, and other

1    components of the development proposal for the Brush 8 Townhomes in the drawings prepared by  
2    DEP, dated September 28, 2018, subject to the following conditions:

- 3        1. The developer must work with the immediately adjacent community to minimize  
4        disruption to the neighborhood during construction and address impacts that may arise;  
5        and,  
6        2. Final site plans, elevations, lighting, landscape and signage plans be submitted by the  
7        developer to the staff of the City Planning Commission for review and approval prior  
8        to making application for any necessary permits.

9            **Section 2.** All ordinances or parts of ordinances in conflict with this ordinance are repealed.

10          **Section 3.** This ordinance is declared necessary for the preservation of the public peace,  
11        health, safety and welfare of the people of the City of Detroit.

12          **Section 4.** This ordinance shall become effective on the eighth (8<sup>th</sup>) day after publication  
13        in accordance with Section 401(6) of Public Act 110 of 2006, as amended, M.C.L. 125.3401(6),  
14        and Section 4-118, paragraph 3 of the 2012 Detroit City Charter.

April 11, 2019

Honorable City Council  
City of Detroit  
1340 Coleman A. Young Municipal Center  
Detroit, Michigan 48226

Re: **SOMA Brownfield Redevelopment Plan**

Dear Honorable Council Members:

The enclosed Brownfield Plan for the SOMA Redevelopment Project (the "Plan") (Exhibit A), was submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"). The Plan was considered and reviewed by the CAC at its March 13, 2019 meeting and a public hearing was held by the DBRA on March 25, 2019 to solicit public comments. The Committee's communication to the City Council and the DBRA, dated March 13, 2019 (Exhibit B), recommending approval of the Plan, including the minutes of the public hearing held by the DBRA, are enclosed for the City Council's consideration.

On March 27, 2019, the DBRA adopted a resolution (Exhibit C) approving the Plan and authorizing the submission of a copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

Woodward Mack 22, LLC, is the project developer (the "Developer") for the Plan which entails the activation of an alleyway, the redevelopment of the former Eliot Street, and the new construction of a parking deck to support the rehabilitations occurring at 115 Erskine and the nearby 100 Mack Avenue office buildings into Class A space. The project will include the demolition of an existing surface parking lot, the rehabilitation of an office building located at 115 Erskine and other current site features to restore the urban fabric of the area. The parking deck will be an integral part of restoring the office building occupancy and is also needed to support the proposed redevelopment nearby. A 6-story parking structure (totaling approximately 580 spaces) with ground floor retail (totaling approximately 6,730 square feet) is the cornerstone to jumpstarting these efforts to grow the SOMA (South of Mack Avenue) District. The property will contain retail space on the first floor and support mixed use within the SOMA District, including adjacent retail, commercial and a proposed future hotel.

Honorable City Council

April 11, 2019

2

The total investment is estimated to be between \$20 and \$22 million. The Developer is requesting \$10M in TIF reimbursement though it is projected that only approximately \$7.2M will be captured under the Plan. It is currently expected that this project will create approximately 100 temporary construction jobs and 200 permanent jobs.

Property Subject to the Plan

The property comprising the eligible property consists of 4 parcel(s). The associated addresses are 81 Erskine Street (which contains two parcels), 115 Erskine and 3500 Woodward Avenue located in Detroit's Midtown neighborhood, north of downtown, bounded by Woodward Avenue to the west, Mack Avenue to the north, John R Street to the east, and Erskine Street to the south.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a facility or adjacent and contiguous to a facility, as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they Environmental Site Assessments, site demolition activities, infrastructure improvements, and preparation and implementation of a brownfield plan and/or work plan. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. The eligible activities are estimated to commence within eighteen (18) months and be completed within three (3) years.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

**COSTS TO BE REIMBURSED WITH TIF**

1. Environmental Assessments	\$35,000.00
2. Demolition (Existing Parking Lot)	\$261,000.00
3. Infrastructure Improvements – Parking Structure	\$9,644,000.00
4. Brownfield Plan & Act 381 Work Plan Preparation and Implementation	\$60,000.00
<b>*Total Reimbursement to Developer</b>	<b>\$10,000,000.00</b>
5. Authority Administrative Costs	\$1,261,748.00
6. State Brownfield Redevelopment Fund	\$413,565.00
7. Local Brownfield Revolving Fund	\$0.00
<b>TOTAL Estimated Costs</b>	<b>\$11,675,313.00</b>

The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Incentives

The Developer is seeking a Commercial Rehabilitation Act (PA 210) tax exemption.

Honorable City Council

April 11, 2019

3

DBRA's Request

The DBRA is respectfully requesting the following actions from the City Council:

a.) April 16, 2019

City Council adoption of the Resolution (Exhibit D), setting the SOMA Brownfield Redevelopment Plan public hearing, as approved by the Planning and Economic Development Standing Committee Chair and the City of Detroit Clerk, for May 2, 2019 at 10:10 AM in the Council Chambers, 13<sup>th</sup> Floor of the Coleman A. Young Municipal Center, located at 2 Woodward Avenue, Detroit, Michigan.

b.) May 2, 2019, 10:05 AM

Discussion with taxing jurisdictions regarding the fiscal impact of the Plan.

c.) May 2, 2019, 10:10 AM

Public Hearing at City Council's Planning and Economic Development Standing Committee concerning the SOMA Brownfield Redevelopment Plan.

d.) May 7, 2019

City Council adoption of the Resolution approving the SOMA Brownfield Redevelopment Plan (Exhibit E).

## **I. INTRODUCTION**

---

In order to promote the revitalization of environmentally distressed and blighted areas within the boundaries of the City of Detroit, Michigan (the “City”), the City has established the City of Detroit Brownfield Redevelopment Authority (the “DBRA”) pursuant to Michigan Public Act 381 of 1996, as amended (“Act 381”).

The primary purpose of this Brownfield Plan (“Plan”) is to promote the redevelopment of and private investment in certain “brownfield” properties within the City. Inclusion of property within this Plan will facilitate financing of environmental response and other eligible activities at eligible properties, and will also provide tax incentives to eligible taxpayers willing to invest in revitalization of eligible sites, commonly referred to as “brownfields.” By facilitating redevelopment of brownfield properties, this Plan is intended to promote economic growth for the benefit of the residents of the City and all taxing units located within and benefited by the DBRA.

This Plan is intended to apply to the eligible property identified in this Plan and, if tax increment revenues are proposed to be captured from that eligible property, to identify and authorize the eligible activities to be funded by such tax increment revenues.

This Plan is intended to be a living document, which may be modified or amended in accordance with the requirements of Act 381, as necessary to achieve the purposes of Act 381. The identification or designation of a developer or proposed use of the eligible property shall not necessitate an amendment to this Plan, affect the application of this Plan to the eligible property or impair the rights available to the DBRA under this Plan. The applicable sections of Act 381 are noted throughout the Plan for reference purposes.

This Plan describes the project to be completed (see Attachment C) and contains all the information required by Section 13(2) of Act 381.

## **II. GENERAL PROVISIONS**

---

### **A. Description of the Eligible Property (Section 13 (2)(h)) and the Project**

The property comprising the eligible property consists of four (4) parcels. The associated addresses are 81 and 115 Erskine Street and 3500 Woodward Avenue. The parcel identified as 81 Erskine Street (PID: 01004187.001) is a “facility”. The remaining parcels 81 Erskine Street (PID: 01004187.007), 115 Erskine (PID: 01004187.002) and 3500 Woodward Avenue (PID: 01004187.006) are adjacent and contiguous to a “facility”. The parcels and all tangible personal property located thereon will comprise the eligible property and is referred to herein as the “Property.”

Attachment A includes a site map of the Property. The Property is located in Detroit’s Midtown neighborhood, north of downtown, bounded by Woodward Avenue to the west, Mack Avenue to the north, John R Street to the east, and Erskine Street to the south.

Parcel information is outlined below.

Attachment B provides the individual legal descriptions for the eligible property.

Address	Tax ID	Owner
81 Erskine Street	01004187.001	Woodward Mack 22, LLC
81 Erskine Street	01004187.007	Woodward Mack 22, LLC
3500 Woodward Avenue	01004187.006	Woodward Mack 22, LLC
115 Erskine	01004187.002	Woodward Mack 22, LLC

Woodward Mack 22, LLC is the project developer (“Developer”) and owner of the Property. The proposed project entails the activation of an alleyway, the redevelopment of the former Eliot Street (i.e. 3500 Woodward Avenue), and the new construction of a parking deck to support the rehabilitations occurring at the existing office building located on 115 Erskine and the nearby 100 Mack Avenue office buildings into Class A space (n.b. 100 Mack Avenue is not part of the eligible property). The parking deck will be an integral part of restoring the office building occupancy and is also needed to support the proposed redevelopment nearby. The project will include demolition of existing surface parking lot and other current site features restore the urban fabric of the area as well as rehabilitation to the 115 Erskine office building. A 6-story parking structure (totaling approximately 580 spaces) with ground floor retail (totaling approximately 6,730 square feet) is cornerstone to jumpstarting these efforts to grow the SOMA District. The property will contain retail space on the first floor and support mixed use within the SOMA District, including adjacent retail, commercial and a proposed future hotel. It is currently anticipated construction will begin in the spring of 2019 and eligible activities will be completed within 18 months from the commencement of construction. The project description provided herein is a summary of the proposed development at the time of the adoption of the Plan. The actual development may vary from the project description provided herein, without necessitating an amendment to this Plan, so long as such variations are not material and arise as a result of changes in market and/or financing conditions affecting the project and/or are related to

the addition or immaterial removal of amenities to the project. All material changes, as determined by DBRA in its sole discretion, to the project description are subject to the approval of the DBRA staff and shall be consistent with the overall nature of the proposed development, its proposed public purpose, and the purposes of Act 381.

Attachment C provides a description of the project to be completed at the Property (the “Project”) and Attachment D includes letters of support for the Project.

**B. Basis of Eligibility (Section 13 (2)(h) and Section 2 (o))**

The Property is considered “eligible property” as defined by Act 381, Section 2 because (a) the Property was formerly utilized for a commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a facility or adjacent and contiguous to a facility, as defined by Act 381, and the development of the adjacent and contiguous parcel is estimated to increase the captured taxable value of the remainder of the eligible property.

- In December 2015, Soils, Materials, and Engineers (SME) conducted a Phase II Environmental Site Assessment and Baseline Environmental Assessment (BEA) for the Developer. Analytical results documented contamination on the parcel currently identified as 81 Erskine Street, associated with arsenic and mercury above applicable MDEQ Part 201 cleanup criteria. Therefore, the property meets the definition of a “facility”

**C. Summary of Eligible Activities and Description of Costs (Section 13 (2)(a),(b))**

The “eligible activities” that are intended to be carried out at the Property are considered “eligible activities” as defined by Section 2 of Act 381, because they include site demolition activities, infrastructure improvements, and preparation and implementation of a brownfield plan and/or work plan.

A summary of the eligible activities and the estimated cost of each eligible activity intended to be paid for with tax increment revenues from the Property are shown in the table attached hereto as Attachment E. The eligible activities described in Attachment E are not exhaustive. Subject to the approval of DBRA staff in writing, additional eligible activities may be carried out at the Property, without requiring an amendment to this Plan, so long as such eligible activities are permitted by Act 381 and the cost of such eligible activities does not exceed the total costs stated in Attachment E.

Unless otherwise agreed to in writing by the DBRA, all eligible activities shall commence within eighteen (18) months after the date the governing body approves this Plan and be completed within three (3) years after approval of the Michigan Strategic Fund work plan, if applicable, or three (3) years after execution of the Reimbursement Agreement (as that term is defined below). Any long-term monitoring or operation and maintenance activities or obligations that may be required will be performed in compliance with the terms of this Plan and any documents prepared pursuant to this Plan.

The Developer desires to be reimbursed for the costs of eligible activities incurred by it as described below. Some eligible activities may commence prior to the adoption of this Plan and to the extent permitted by Act 381 shall be reimbursable pursuant to the Reimbursement Agreement. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property pursuant to the terms of a Reimbursement Agreement to be executed by the DBRA and the Developer after approval of this Plan (the “Reimbursement Agreement”), to the extent permitted by Act 381. In the event this Plan contemplates the capture of tax increment revenue derived from “taxes levied for school operating purposes” (as defined by Section 2(uu) of Act 381 and hereinafter referred to as “School Taxes”), the Developer acknowledges and agrees that DBRA’s obligation to reimburse the Developer for the cost of eligible activities with tax increment revenue derived from Local Taxes, or Specific Taxes that are considered Local Taxes, (as these capitalized terms are defined by Act 381) is contingent upon: (i) the Developer receiving at least the initial applicable work plan approvals by the Michigan Strategic Fund and the Michigan Department of Environmental Quality, as may be required pursuant to Act 381, within 180 days after the date this Plan is approved by the governing body, or such other date as the DBRA may agree to in writing or (ii) the Developer providing the DBRA with evidence, satisfactory to DBRA, that the Developer has the financial means to complete the project without the capture of, and subsequent reimbursement with, the contemplated School Taxes.

The costs listed in Attachment E are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement. No costs of eligible activities will be qualified for reimbursement except to the extent permitted in accordance with the terms and conditions of the Reimbursement Agreement and Act 381. The Reimbursement Agreement and this Plan will dictate the total cost of eligible activities subject to payment or reimbursement, provided that the total cost of eligible activities subject to payment or reimbursement under the Reimbursement Agreement shall not exceed the estimated costs set forth in Attachment E. As long as the total costs are not exceeded, line item costs of eligible activities may be adjusted after the date this Plan is approved by the governing body, to the extent the adjustments do not violate the terms of the approved MDEQ or MSF work plan.

**D. Estimate of Captured Taxable Value and Tax Increment Revenues (Section 13(2)(e)); Beginning Date of Capture of Tax Increment Revenues (Section 13(2)(f); Impact of Tax Increment Financing on Taxing Jurisdictions (Section 13(2)(g))**

This Plan anticipates the capture of tax increment revenues to reimburse the Developer for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. Subject to Section 13(b)(16) of Act 381, a table of estimated tax increment revenues to be captured is attached to this Plan as Attachment F.

Exhibit A  
Proposed SOMA District Redevelopment  
Brownfield Redevelopment Plan

Tax increments are projected to be captured and applied to (i) reimbursement of eligible activity costs and payment of DBRA administrative and operating expenses, (ii) make deposits into the State Brownfield Redevelopment Fund, and (iii) make deposits into the DBRA's Local Brownfield Revolving Fund, as follows:

	<u>Reimbursement Costs</u>	<u>Admin. Costs</u>	<u>State Brownfield Fund</u>	<u>Local Revolving Fund</u>
School Operating Tax	\$3,158,018	\$0		\$0
State Education Tax	\$526,336	\$0		\$413,565
City Operating	\$1,771,239	\$640,182		\$0
Library	\$411,091	\$148,581		\$0
Wayne County	\$694,398	\$250,978		\$0
HCMA	\$18,998	\$6,866		\$0
RESA/Special Ed	\$307,543	\$111,156		\$0
Wayne County Community College	\$287,702	\$103,985		\$0
<b>TOTAL</b>	<b>\$7,175,326*</b>			

In addition, the following taxes are projected to be generated but shall not be captured during the life of this Plan:

City Debt	\$844,059
School Debt and Judgment	\$1,567,538
DIA	\$24,116
Zoo	\$12,058
<b>TOTAL</b>	<b>\$2,447,771</b>

\*The total not to exceed amount requested for approval is \$10,000,000. The eligible expenses are well in excess of this amount so should revenues be available, the developer is requesting up to \$10,000,000 be reimbursed.

In no event shall the duration of this Plan exceed thirty-five (35) years following the date of the governing body's resolution approving this Plan, nor shall the duration of the tax capture exceed the lesser of the period authorized under subsection (3) and (5) of Section 13 of Act 381 or 30 years. Further, in no event shall the beginning date of the capture of tax increment revenues be later than five (5) years after the date of the governing body's resolution approving this Plan.

The Project is anticipated to have in excess of \$10,000,000 in eligible expenses; however, it is projected that only \$7,175,326 will be captured and available for reimbursement under this Plan. Notwithstanding the foregoing sentence, should more tax increment revenue be available for capture than what is currently projected, the Developer is requesting that \$10,000,000 be approved as the maximum reimbursement amount under this Plan. This requested maximum allowance would ensure that should projected taxable value be higher than projected or a PA210 tax abatement not approved, the Developer is able to capture available Tax Increment Revenues.

The Developer has applied or will apply for a property tax abatement under the Commercial Rehabilitation Act, PA 210 of 2005, as amended (“PA210”). If approved, the abatements will reduce the property tax obligations of the Property for the periods applicable under the abatement certificate, thereby reducing the amount of tax increment revenue available pursuant to this Plan.

**E. Plan of Financing (Section 13(2)(d)); Maximum Amount of Indebtedness (Section 13(2)(e))**

The eligible activities are to be financed solely by the Developer. The DBRA will reimburse the Developer for the cost of approved eligible activities, but only from tax increment revenues generated from the Property. No advances have been or shall be made by the City or the DBRA for the costs of eligible activities under this Plan.

All reimbursements authorized under this Plan shall be governed by the Reimbursement Agreement. The inclusion of eligible activities and estimates of costs to be reimbursed in this Plan are intended to authorize the DBRA to fund such reimbursements and does not obligate the DBRA or the City to fund any reimbursement or to enter into the Reimbursement Agreement providing for the reimbursement of any costs for which tax increment revenues may be captured under this Plan, or which are permitted to be reimbursed under this Plan. The amount and source of any tax increment revenues that will be used for purposes authorized by this Plan, and the terms and conditions for such use and upon any reimbursement of the expenses permitted by this Plan, will be provided solely under the Reimbursement Agreement contemplated by this Plan.

Unless otherwise agreed upon by the Developer, the DBRA, and the State of Michigan, the DBRA shall not incur any note or bonded indebtedness to finance the purposes of this Plan.

Interest shall be paid under this Plan as provided in the Reimbursement Agreement, provided that to the extent that the Michigan Strategic Fund or Michigan Department of Environmental Quality does not approve the payment of interest on an eligible activity with school taxes, interest shall not accrue or be paid under this Plan with respect to the cost of such eligible activity. Unless otherwise agreed upon by the Developer, the DBRA, and the State of Michigan, the DBRA may approve interest on the local portion of the reimbursement to the extent that the projected internal rate of return to the Developer does not exceed twenty (20%), as more specifically stated in the Reimbursement Agreement.

Reimbursements under the Reimbursement Agreement shall not exceed the cost of eligible activities permitted under this Plan.

**F. Duration of Plan (Section 13(2)(f))**

Subject to Section 13b(16) of Act 381, the beginning date of capture of tax increment revenues for each eligible property shall occur in accordance with the tax increment financing (TIF) table described in Exhibit F. In no event, however, shall this Plan extend

Exhibit A  
Proposed SOMA District Redevelopment  
Brownfield Redevelopment Plan

beyond the maximum term allowed by Section 13(2)(f) of Act 381 for the duration of this Plan.

Furthermore, this Plan, or any subsequent amendment thereto, may be abolished or terminated in accordance with Section 14(8) of Act 381 in the event of any of the following:

a. The governing body may abolish this Plan (or any subsequent amendment thereto) when it finds that the purposes for which this Plan was established have been accomplished.

b. The governing body may terminate this Plan (or any subsequent amendment thereto) if the project for which eligible activities were identified in this Plan (or any subsequent amendment thereto) fails to occur with respect to the eligible property for at least two (2) years following the date of the governing body resolution approving this Plan (or any subsequent amendment thereto), provided that the governing body first does both of the following: (i) gives 30 days' written notice to the Developer at its last known address by certified mail or other method that documents proof of delivery attempted; and (ii) provides the Developer with an opportunity to be heard at a public meeting.

Notwithstanding anything in this subsection to the contrary, this Plan (or any subsequent amendment thereto) shall not be abolished or terminated until the principal and interest on bonds, if any, issued under Section 17 of Act 381 and all other obligations to which the tax increment revenues are pledged have been paid or funds sufficient to make the payment have been identified or segregated.

**G. Effective Date of Inclusion in Brownfield Plan**

The Property will become a part of this Plan on the date this Plan is approved by the governing body.

**H. Displacement/Relocation of Individuals on Eligible Property (Section 13(2)(i-l))**

There are no persons or businesses residing on the eligible property and no occupied residences will be acquired or cleared, therefore there will be no displacement or relocation of persons or businesses under this Plan.

**I. Local Brownfield Revolving Fund ("LBRF") (Section 8; Section 13(2)(m))**

The DBRA has established a Local Brownfield Revolving Fund (LBRF). The LBRF will consist of all tax increment revenues authorized to be captured and deposited in the LBRF, as specified in Section 13(5) of Act 381, under this Plan and any other plan of the DBRA. It may also include funds appropriated or otherwise made available from public or private sources.

The amount of tax increment revenue authorized for capture and deposit in the LBRF is estimated at \$0. All funds, if any, deposited in the LBRF shall be used in accordance with Section 8 of Act 381.

**J. Brownfield Redevelopment Fund (Section 8a; Section 13(2)(m))**

The DBRA shall pay to the Department of Treasury at least once annually an amount equal to 50% of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to

211.906, that are captured under this Plan for up to the first twenty-five (25) years of the duration of capture of tax increment revenues for each eligible property included in this Plan. If the DBRA pays an amount equal to 50% of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, on a parcel of eligible property to the Department of Treasury under Section 13b(14) of Act 381, the percentage of local taxes levied on that parcel and used to reimburse eligible activities for the Project under this Plan shall not exceed the percentage of local taxes levied on that parcel that would have been used to reimburse eligible activities for the Project under this Plan if the 50% of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, on that parcel were not paid to the Department of Treasury under Section 13b(14) of Act 381.

**K. Developer's Obligations, Representations and Warrants**

The Developer and its affiliates shall comply with all applicable laws, ordinances, executive orders, or other regulations imposed by the City or any other properly constituted governmental authority with respect to the Property and shall use the Property in accordance with this Plan.

The Developer, at its sole cost and expense, shall be solely responsible for and shall fully comply with all applicable federal, state, and local relocation requirements in implementing this Plan.

The Developer represents and warrants that a Phase I Environmental Site Assessment (“ESA”), and if appropriate, a Phase II ESA, baseline environmental assessment, and due care plan, pursuant to Part 201 of Michigan’s Natural Resources and Environmental Protection Act (MCL 324.20101 *et seq.*), has been performed on the Property (“Environmental Documents”). Attached hereto as Attachment G is the City of Detroit’s Department of Buildings, Safety Engineering and Environmental acknowledgement of its receipt of the Phase I ESA, and if appropriate, the Phase II ESA.

The Developer further represents and warrants that the Project does not and will not include a City of Detroit Land Bank Authority, Wayne County Land Bank Authority or State of Michigan Land Bank financing component.

Except as otherwise agreed to by the DBRA, any breach of a representation or warranty contained in this Plan shall render the Plan invalid, subject to the Developer’s reasonable opportunity to cure as described in the Reimbursement Agreement.

**Project Description**

## **Proposed SOMA District Redevelopment**

### **PROJECT DESCRIPTION**

#### **Project Synopsis**

The proposed project entails the activation of an alleyway, the redevelopment of the former Eliot Street, and the new construction of a parking deck and rehabilitation of the office building located at 115 Erskine. In addition to supporting this mix of uses, it will also support the rehabilitations occurring at 100 Mack Avenue into Class A space. The parking deck will be an integral part of restoring the office building occupancy and is needed to support the proposed hotel construction at 3448 Woodward Avenue. Upon completion this first phase of the project will:

- Activate approximately 8,000 SF (40x200) of alleyway and streetscape open to the public
- Repurpose and reconnect Eliot Street between John R Road and Woodward Avenue for reuse as a gathering space for street festivals and neighborhood gatherings
- Creation of pocket parks and smaller green/garden spaces
- Create much needed parking space to facilitate the growth of the SOMA District
- Create a landmark gateway to Brush Park neighborhood
- Restore occupancy to existing office space

The project will include parking lot and current site features demolition to restore the urban fabric of the area as well as rehabilitation of 115 Erskine for office re-occupancy. A 6-story parking structure with ground floor retail is cornerstone to jumpstarting these efforts to grow the SOMA District. The property will contain retail space on the first floor and support mixed use within the SOMA District, including adjacent retail, office, commercial and a proposed future hotel use. All new garden spaces will feature plants that support the habitat of native wildlife and reduce stormwater runoff demand on public infrastructure. The structure will have energy efficient and LED lighting.

The structure is anticipated to consist of the following estimated square footages:

- Five stories of parking spaces (580 spaces) totaling approximately 213,099 SF
- Four retail spaces totaling 6,730 SF

The office building at 115 Erskine totals 57,000 rentable square feet and upon re-occupancy house approximately 200 jobs.

Upon completion, this project will activate and promote pedestrian traffic at the gateway to Brush Park and the outskirts of Midtown. The project will act as a transit-oriented development, located adjacent to the DDOT service lines, QLine and existing Smartbus route, easing street congestion in the immediate area as well as downtown.

The project is slated to commence Spring of 2019 with a completion goal of Fall/Winter of 2020.

## **Economic Benefit**

Upon successful redevelopment, the project will create retail space and new jobs to fill these spaces. It will also provide parking needed to accommodate the growth of the neighborhood as well as create a transit hub for multiple modes of transportation intersect. The SOMA District will also reestablish connectivity to the adjoining Bonstelle Theater and a University of Michigan owned house considered a gem from the "Little Paris" heyday of Brush Park.

On a short-term basis, approximately 100 temporary construction jobs will be created during demolition and new construction activities. The privately owned but publicly accessible community spaces created will encourage greater foot traffic and generate spin-off spending in the area and restore urban vibrancy. The office building at 115 Erskine upon rehabilitation will be able to house approximately 200 future employees. While not included within the specific project scope, the parking structure will facilitate and support the addition of 200 jobs within the office building located at 100 Mack Avenue.

The development team will focus on the hiring of Detroit-based worker and utilize programs such as the D2D program and Skilled Trades Task Force to ensure Detroit-based contractors and residents benefit from the project.

## **Project Investment Estimates to Date**

**Hard Costs:** Approximately \$18-20 million

**Total Costs:** Approximately \$20-22 million

The project developer is investing an additional \$3 million toward renovating and updating the office building at 100 Mack Avenue (former Red Cross) as Class A office space.

## **Additional Financing Incentives Associated with the Redevelopment**

The Developer is also pursuing the following at this time:

- A Commercial Rehabilitation Act (CRA) Tax Exemption (Public Act 210)

## **Development Team and Company Synopsis**

The project developer, Professional Property Management Co. of Michigan (PPM) has been operating since 1974. PPM focuses on bridging gaps between investors and tenants by invoking practical management services. Currently responsible for managing more than 5,000 multi-family residential (apartment/townhome) units and one million square feet of commercial and industrial space, PPM is versed in asset management; leasing, marketing, and property management; and investment services. Over the years, PPM has successfully positioned the project area for growth as a vibrant district.

Ms. Jennifer Kanalos  
Authorized Agent  
Detroit Brownfield Redevelopment Authority  
500 Griswold, Suite 2200  
Detroit, Michigan 48226

**RE: SOMA Brownfield Redevelopment Plan**

Dear Ms. Kanalos,

The Detroit Brownfield Redevelopment Authority (DBRA) has asked that the Planning and Development Department to review and comment on the SOMA Brownfield Redevelopment Plan (the "Plan").

Woodward Mack 22, LLC is the project developer ("Developer"). The property in the Plan is located on three parcels located north Erskine Street, east of Woodward Avenue, south of Mack Avenue and west of John R Street.

The Plan will consist of an approximately 580 space, 6 level parking structure with 6,730 s.f. of ground floor retail. Elliot Street between Woodward and John R, currently vacated and part of a surface parking lot, will be reconstructed as a private street. Alleyways, currently in poor condition, will be reconstructed and enhanced streetscapes will be installed and be open to the public. A pocket park will be created to the east of the parking structure. The parking structure will serve the two existing office buildings to the east as well as future planned mixed-use developments on parcels to the immediate west and north.

The new development will be harmonious with existing development in Brush Park. It is also in close proximity to Downtown, Midtown and District Detroit. Total investment is estimated at \$20 million.

The review for this brownfield plan is complete and all comments have been forwarded to the developer. No adverse comments were received. The Planning and Development Department recommends approval of the brownfield plan as submitted.

Sincerely,

Maurice Cox  
Director  
Planning and Development Department

Birmingham, MI 48009

**Re: Brush Park CDC Letter of Support for SoMA Brush Park Mixed Use Project**

Dear Mr. Nyman:

On behalf of Woodward & Erskine LLC, we enthusiastically support the proposed SOMA development that is planned for the southeast corner of Woodward and Mack Avenue, immediately north of our development, the Scott at Brush Park.

We understand that the first phase of the project consists of a 550+ car parking deck and that a future phase will include a vertical expansion for construction of residential units above. The proposed design of the deck presents a thoughtful response to the neighborhood's form-based code, providing an activated alley with retail shops and pedestrian circulation access, restored Eliot Street connecting Woodward with John R, and providing new landscaping and recreation space between existing office, historic home and the proposed parking deck.

We believe that this development will continue to generate further investment in the Midtown area. We look forward to being neighbors across Erskine Street.

Sincerely,

BRODER & SACHSE REAL ESTATE, Inc., Agent for  
WOODWARD & ERSKINE, LLC

Richard Broder  
CEO

***RE: Support of SOMA Development***

Dear Mr. Gustafson:

On behalf of Midtown Detroit, Inc. (MDI), I would like to express our support for phase one of the proposed SOMA Development, located at 3150 Woodward Avenue in the Brush Park neighborhood. This development will provide a number of benefits, while enhancing the overall character of the neighborhood.

Phase one of the project will be the development of a mixed-use parking structure located on Erskine. This structure will provide six levels of parking, and ground level retail spaces. Future phases will call for the construction of residential units above this parking structure. The overall plan calls for over 400,000 square feet of mixed-use development that will bring new office/retail space, hundreds of new residential units, and plenty of parking.

This overall development will increase density and significantly add to the number of residential units within the Midtown district. The addition of new commercial spaces will provide more economic opportunity for new and growing businesses. The construction of contiguous urban wall space will increase walkability of the area and add to the urban character of the neighborhood.

The SOMA development aims to transform an important corner along a busy corridor, and MDI offers its full support. If you have any questions, please feel free to contact me at our MDI office.

Best regards,

A handwritten signature in black ink that reads "Susan T. Mosey".

Susan T. Mosey

TO: THE DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY

FROM: DETROIT, BUILDINGS, SAFETY ENGINEERING, AND ENVIRONMENTAL DEPARTMENT

PROJECT: SOMA, WOODWARD MACK 22, LLC

DATE: February 22, 2019

The undersigned, from the City of Detroit, Buildings, Safety Engineering, and Environmental Department acknowledges the receipt of the environmental documents listed below, which have been submitted by Woodward Mack 22, LLC, as developer, as part of its Brownfield Plan submittal to the Detroit Brownfield Redevelopment Authority (DBRA), for the SOMA Development Project.

- 1 Phase I Environmental Site Assessment, pursuant to USEPA's. All Appropriate Inquiry using American Society of Testing Materials (ASTM) Standard E 1527-13
- Phase II Environmental Site Assessment, pursuant to ASTM Standard 1903 (if appropriate)
- 1 Baseline Environmental Assessment, pursuant to Part 201 of Michigan 's Natural Resources and Environmental Protection Act, MCL 324.20101 *et seq.* (if appropriate).
- Due Care Plan, pursuant to Part 201 of Michigan's Natural Resources and Environmental Protection Act, MCL 324.20101 *et seq.* (if appropriate).

Based upon its review of the above environmental documents and the representations of the developer, the City of Detroit, Buildings, Safety Engineering, and Environmental Department agrees with the environmental consultant that the site is a facility and has determined that the documents received for this project satisfy the DBRA Guidelines.

**Cc:** Bakun, Michelle (DEQ)  
**Subject:** RE: "Facility" Verification - Detroit Brownfield Plan

Hi Elizabeth,

As I indicated in our conversation, the data collected does indicate that Parcel 1 is in fact a "facility" but I cannot make the same conclusion for Parcel 3 due to the lack of data from that parcel.

**To:** Bakun, Michelle (DEQ) <BAKUNM@michigan.gov>; Owens, Paul (DEQ) <OWENSP@michigan.gov>  
**Subject:** "Facility" Verification - Detroit Brownfield Plan

Hi Paul and Michelle,

We're assembling a draft Brownfield Plan for submittal to DEGC for the attached parcels. Based on the sampling maps and analytical table, provided would you be able to verify "facility" status?

When the BEA was completed, the property consisted of a single parcel. Since then they have been combined. Therefore, I've provided a CAD overlay map of the sampling completed with the updated parcel map. In particular, we're looking for confirmation on the contamination identified on Parcel 1 and Parcel 3 in the attached "Parcel Layout" map.

Please let me know if you need any further information or have any questions.

Thank you,

CITY COUNCIL

COUNCIL PRESIDENT BRENDA JONES

**INCENTIVE INFORMATION CHART:**

Project Type	Incentive Type	Investment Amount	District
Mixed-Use – Retail/Parking	Commercial Rehabilitation Tax Abatement / Brownfield Plan	\$18-20mm hard cost / \$20- 22 million total	Midtown

Jobs Available							
Construction				Post Construction			
Professional	Non-Professional	Skilled Labor	Non-Skilled Labor	Professional	Non-Professional	Skilled Labor	Non-Skilled Labor
0	0	90	10	20-30 FTE Retail and 200 FTE Office	0	0	0

1. What is the plan for hiring Detroiters?

The development team will present at a D2D session following determination of the bid needs and procedures to obtain Detroit-based contractors for this project. The development team plans to also present at a Skilled Trades Task Force, to assist in connecting with additional Detroiters for the project.

2. Please give a detailed description of the jobs available as listed in the above chart, i.e: job type, job qualifications, etc.

In the short-term, approximately 100 construction jobs are anticipated to be created. The proposed redevelopment will create space for up to 20-30 jobs associated with retail. Upon rehabilitation, 115 Erskine will create space for approximately 200 office jobs.

The Construction jobs will consist of;

- Demolition - Laborers
- Civil Engineers
- Architectural/Interior Buildouts – Laborers, Carpenters, Cement Masons, Bricklayers, Glaziers, Iron Workers, Roofers, Painters
- Elevators – Elevator Constructors
- Fire Protection – Pipe Fitters
- Mechanical – Pipe Fitters, Sheet Metal Workers
- Plumbing - Plumbers
- Electrical – Electricians

3. Will this development cause any relocation that will create new Detroit residents?

This development is not anticipated to cause any relocation as the property is not occupied by any tenants.

4. Has the developer reached out to any community groups to discuss the project and/or any potential jobs?

The Developer intends to utilize D2D sessions to ensure Detroit-based contractors and workers benefit from

the project. Support letters have also been received by neighborhood organizations including Midtown Inc., and Brush Park.

5. When is construction slated to begin?

April/May 2019

6. What is the expected completion date of construction?

December 2020

\*Please contact Linda Wesley at (313) 628-2993 or [wesleyl@detroitmi.gov](mailto:wesleyl@detroitmi.gov) to schedule a date to attend the Skilled Trades Task Force.

Re: Recommendation for Approval of the SOMA Brownfield Redevelopment Plan

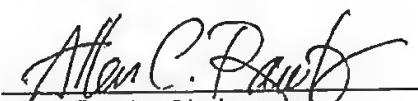

Honorable Members of the Detroit City Council and the City of Detroit Brownfield Redevelopment Authority Board of Directors:

In accordance with the resolution of the Detroit City Council creating the City of Detroit Brownfield Redevelopment Authority (the "Authority"), the Community Advisory Committee, at its meeting of March 13, 2019, adopted a resolution approving the proposed Brownfield Plan for the SOMA Redevelopment and recommending adoption of this Brownfield Plan by the Authority and City Council.

Please accept this letter of recommendation for approval from the Community Advisory Committee on the Brownfield Plan for the SOMA Redevelopment.

Very truly yours,

By:

Allen Rawls, Chairperson  
Community Advisory Committee to the City of Detroit  
Brownfield Redevelopment Authority

**MINUTES OF THE  
DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY  
PUBLIC HEARING FOR THE**

**SOMA  
BROWNFIELD REDEVELOPMENT PLAN**

**Monday, March 25, 2019  
Midtown Detroit, Inc.  
3939 Woodward, Suite 100  
Detroit, MI 48201  
5:30 PM**

In attendance were:

Jennifer Kanalos (DEGC/DBRA)  
Brian Vosburg (DEGC/DBRA)  
Elizabeth Masserang (PM Environmental)  
Mike Kirk (Neumann/Smith)  
Sue Mosey (Midtown Detroit, Inc.)  
Jerrid Mooney

Mr. Vosburg called the public hearing to order at 5:35 PM.

Two members of the general public were in attendance.

Ms. Mosey stated that the project follows neighborhood plans for the area and she is in support of the project.

Mr. Mooney stated that he has traffic safety concerns with the project and on the streets and intersections near the project. He stated that his sole concern with the project is traffic safety issues and is opposed to the project until those issues are addressed.

Citing no additional comments, Mr. Vosburg closed the public hearing at 6:25 PM.

**CODE DBRA 19-03-268-02**

**SOMA BROWNFIELD REDEVELOPMENT PLAN**

WHEREAS, pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority (the "DBRA") has been established by resolution of the City Council of the City of Detroit (the "City Council") for the purpose of promoting the revitalization of environmentally distressed areas in the City of Detroit; and

WHEREAS, under Act 381 the DBRA is authorized to develop and propose for adoption by City Council a brownfield plan for one or more parcels of eligible property; and

WHEREAS, in accordance with the policies, procedures and bylaws governing the DBRA, the DBRA has submitted a proposed Brownfield Plan for the SOMA Redevelopment Project (the "Plan") to the Community Advisory Committee for its consideration and comment and has solicited comments by the public by publication of notice stating that the proposed Plan has been submitted to the Community Advisory Committee and by conducting a public hearing in the area to which the proposed Plan applies; and

WHEREAS, the Community Advisory Committee has considered the proposed Plan and approved a resolution recommending the approval of the proposed Plan by the DBRA and the City Council as presented by the DBRA; and

WHEREAS, in accordance with the provisions of Act 381, the Board of Directors of the DBRA has considered the proposed Plan and desires to approve the proposed Plan and to request that City Council call a public hearing to consider and adopt a resolution approving the proposed Plan.

**NOW, THEREFORE, BE IT RESOLVED:**

1. The Board of Directors of the DBRA has determined that the adoption of the Brownfield Plan for the **SOMA Redevelopment Project** is in keeping with the purposes of Act 381 and recommends submittal of the Plan to City Council for approval.

2. The Board of Directors of the DBRA approves the Plan substantially in the form attached hereto and on file with the Secretary of the DBRA.

3. Any Authorized Agent of the DBRA is authorized and directed to submit a certified copy of this Resolution and the Plan to the City Clerk, together with a request that the City Council call a public hearing concerning the Plan and to take all other actions required to approve the Plan in accordance with Act 381.

4. That any one of the officers and any one of the Authorized Agents of the DBRA or any two of the Authorized Agents of the DBRA shall hereafter have the authority to negotiate and execute all documents, contracts, or other papers, and take such other actions, necessary or appropriate to implement the provisions and intent of this Resolution on behalf of the DBRA.

5. That all of the acts and transactions of any officer or authorized agent of the DBRA, in the name and on behalf of the DBRA, relating to matters contemplated by the foregoing resolutions, which acts would have been approved by the foregoing resolutions except that such acts were taken prior to execution of these resolutions, are hereby in all respects confirmed, approved and ratified.

6. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution are rescinded.

March 27, 2019

**EXHIBIT D**

**RESOLUTION CALLING A PUBLIC HEARING REGARDING  
APPROVAL OF THE BROWNFIELD PLAN OF THE  
CITY OF DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY  
FOR THE SOMA REDEVELOPMENT**

---

The following preamble and resolution were offered by Member \_\_\_\_\_ and supported by Member \_\_\_\_\_:

WHEREAS, the City of Detroit, County of Wayne, Michigan (the "City") is authorized by the provisions of Act 381, Public Acts of Michigan, 1996 ("Act 381"), to create a brownfield redevelopment authority; and

WHEREAS, pursuant to Act 381, the City Council of the City duly established the City of Detroit Brownfield Redevelopment Authority (the "Authority"); and

WHEREAS, in accordance with the provisions of Act 381, the Authority has prepared a Brownfield Plan for the SOMA Redevelopment (the "Plan") and submitted the Plan to the Community Advisory Committee for review and comment; and

WHEREAS, after receipt of the recommendation of the Community Advisory Committee to approve the, the Authority has approved the Plan and forwarded it to City Council with a request for its approval; and

WHEREAS, prior to approval of the Plan, the City Council is required to hold a public hearing in connection with consideration of the Plan pursuant to Act 381.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The City Council hereby acknowledges receipt of the Plan from the Authority.

2. A public hearing is hereby called on Thursday, the 2nd day of May, 2019 at 10:10 AM, prevailing Eastern Time, in the Council Chambers, 13<sup>th</sup> Floor of the Coleman A. Young Municipal Center in the City to consider adoption by the City Council of a resolution approving the Plan.

3. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution are rescinded.

4. The City Clerk is requested to submit three (3) certified copies of this resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226.

**EXHIBIT E**

**RESOLUTION APPROVING BROWNFIELD PLAN  
OF THE CITY OF DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY  
FOR THE SOMA REDEVELOPMENT PROJECT**

City of Detroit  
County of Wayne, Michigan

---

**WHEREAS**, pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

**WHEREAS**, under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

**WHEREAS**, pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed Brownfield Plan for the SOMA Redevelopment Project (the "Plan"); and

**WHEREAS**, the Authority submitted the Plan to the Community Advisory Committee for consideration on March 13, 2019, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on March 25, 2019 to solicit comments on the proposed Plan; and

**WHEREAS**, the Community Advisory Committee recommended approval of the Plan on March 13, 2019; and

**WHEREAS**, the Authority approved the Plan on March 27, 2019 and forwarded it to the City Council with a request for its approval of the Plan; and

**WHEREAS**, the required notice of the public hearing on the Plan was given in accordance with Section 13 of Act 381; and

**WHEREAS**, the City Council held a public hearing on the proposed Plan on May 2, 2019.

**NOW, THEREFORE, BE IT RESOLVED, THAT:**

1. **Definitions.** Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) Portions of the property designated in the Plan meets the definition of Eligible Property, as described in Act 381, including consideration of the criteria of "facility" as defined in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of eligible activities is feasible and the Authority has the ability to arrange the financing.

(d) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) The amount of captured taxable value estimated to result from adoption of the Plan is reasonable.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk's office.

6. Preparation of Base Year Assessment Roll for the Eligible Property.

(a) Within 60 days of the adoption of this Resolution, the City Assessor shall prepare the initial Base Year Assessment Roll for the Eligible Property in the Plan. The initial Base Year Assessment Roll shall list each Taxing Jurisdiction levying taxes on the Eligible Property on the effective date of this Resolution and the amount of tax revenue

derived by each Taxing Jurisdiction from ad valorem taxes on the Eligible Property, excluding millage specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the unlimited taxing power of the local governmental unit.

(b) The City Assessor shall transmit copies of the initial Base Year Assessment Roll to the City Treasurer, County Treasurer, Authority and each Taxing Jurisdiction which will have Tax Increment Revenues captured by the Authority, together with a notice that the Base Year Assessment Roll has been prepared in accordance with this Resolution and the Plan approved by this Resolution.

7. Preparation of Annual Base Year Assessment Roll. Each year within 15 days following the final equalization of the Eligible Property, the City Assessor shall prepare an updated Base Year Assessment Roll. The updated Base Year Assessment Roll shall show the information required in the initial Base Year Assessment Roll and, in addition, the Tax Increment Revenues for each Eligible Property for that year. Copies of the annual Base Year Assessment Roll shall be transmitted by the Assessor to the same persons as the initial Base Year Assessment Roll, together with a notice that it has been prepared in accordance with the Plan.

8. Establishment of Project Fund; Approval of Depositary. The Authority shall establish a separate fund for the Eligible Property subject to this Plan, which shall be kept in a depositary bank account or accounts in a bank or banks approved by the Treasurer of the City. All moneys received by the Authority pursuant to the Plan shall be deposited in the Project Fund for the Eligible Property. All moneys in the Project Fund and earnings thereon shall be used only in accordance with the Plan and Act 381.

9. Use of Moneys in the Project Fund. The moneys credited to the Project Fund and on hand therein from time to time shall be used annually to first make those payments authorized by and in accordance with the Plan and any development agreement governing such payments and then to the Local Brownfield Revolving Fund, as authorized by Act 381:

10. Return of Surplus Funds to Taxing Jurisdictions. The Authority shall return all surplus funds not deposited in the Local Brownfield Revolving Fund proportionately to the Taxing Jurisdictions.

11. Payment of Tax Increment Revenues to Authority. The municipal and the county treasurers shall, as ad valorem and specific local taxes are collected on the Eligible Property, pay the Tax Increment Revenues to the Authority for deposit in the Project Fund. The payments shall be made not more than 30 days after the Tax Increment Revenues are collected.

12. Disclaimer. By adoption of this Resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption

of this Resolution and Plan. The City makes no guarantees or representations as to the ability of the Authority to capture tax increment revenues from the State and local school district taxes for the Plan.

13. Repealer. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

14. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226

Detroit, Michigan 48226

**RE: Land Transfers / Property Sales / Property Sales by Development Agreement  
In Support of Mack 1 Plant, Mack 2 Plant, Jefferson North Assembly Plant Projects**

Honorable City Council:

The City of Detroit (“City”), City of Detroit Brownfield Redevelopment Authority (“DBRA”) and FCA US LLC (“FCA”) have been in discussions to bring about the investment of approximately \$2.5 billion in FCA’s Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the “Projects”) to expand certain industrial automotive manufacturing in the City. It is anticipated that the Projects will result in the creation of approximately 4,950 additional FCA jobs in the City, as well as increase business and economic opportunities for related supplier and support industries.

In support of progressing the Projects forward, the City has worked with the DBRA to negotiate a series of real estate transactions that are vital to land assembly required to bring the Projects to fruition (the “Real Estate Transactions”). Attached hereto are four (4) separate resolutions approving the Real Estate Transactions by and through the City’s Planning and Development Department (“P&DD”), which are summarized as follows:

○ **Resolution 1 – Land Transfer - Detroit Land Bank Authority (“DLBA”) to DBRA**

The DLBA wishes to transfer certain parcels to the DBRA or other third parties as directed by that certain land transfer agreement by and between the DLBA and DBRA in furtherance of the Projects and as further described in the attached Resolution 1.

○ **Resolution 2 - Property Sale by Development Agreement - Hantz Farms, LLC**

The City and the DLBA have each received offers from Hantz Farms, LLC (“Hantz”), a Michigan limited liability company, to purchase, by development agreements, approximately 99 City-owned properties and approximately 542 DLBA-owned properties, more or less, in the City of Detroit as further described in the attached Resolution 2. Hantz shall purchase such properties from the City and the DLBA at a purchase price of \$0.0833 per square foot of property.

Hantz intends to develop such properties for the purposes of renovating unoccupied structures, planting and maintaining hardwood trees and conifer trees on vacant lots, and conducting such other uses which are or will be consistent with applicable law, regulations and ordinances. Hantz’s use of such properties shall be consistent with the allowable uses for which the properties are zoned.

The development agreements related to the transfer of both the City-owned and DLBA owned properties shall require Hantz to transfer certain Hantz-owned properties to the DBRA. It is DBRA's intent to transfer those such properties to FCA for the Projects.

- **Resolution 3 – Land Transfer by Property Exchange Agreement - DTE Electric Company**

The City and the DLBA have each received offers from DTE Electric Company ("DTE"), a Michigan corporation, to purchase, by property exchange agreement, approximately 3 City-owned properties and approximately 22 DLBA-owned properties in the City of Detroit as further described in the attached Resolution 3. In consideration for such purchase, DTE will transfer a portion of 12000 East Jefferson and all of 11860 Freud to the DBRA for use in the Projects. The DLBA shall receive One and 00/100 Dollar for its properties. The DBRA will compensate the City with fair value for the sale of such 3 City-owned properties at a future date and under a separate agreement between the City and the DBRA.

DTE intends to utilize such City-owned and DLBA-owned properties for DTE's substations and pullout yards. DTE's use of such properties shall be consistent with the allowable uses for which the properties are zoned.

- **Resolution 4 – Sale of Property to Michael Kelly**

The City has received an offer from Michael Kelly ("Purchaser") to purchase approximately 6 City-owned properties in exchange for Purchaser's transfer of 3873, 3963 and 4621 St. Jean and 5732 Winslow (the "Purchaser's Exchange Properties") to the DBRA as further described in the attached Resolution 4. It is DBRA's intent to transfer the Purchaser's Exchange Properties to FCA for the Projects. The DBRA will compensate the City with fair value for the sale of such 6 City-owned properties at a future date and under a separate agreement between the City and the DBRA.

The Purchaser proposes to utilize the City-owned properties for residential development. The Purchaser's proposed use of such properties will be consistent with the allowable uses for which the properties are zoned.

The City is hereby requesting that your Honorable Body adopt the attached four (4) resolutions that approve the above referenced Real Estate Transactions in support of the Projects.

Respectfully submitted,

Maurice Cox, Director  
Planning and Development Department

cc: S. Washington (Mayor's Office)

## RESOLUTION 1

**BY COUNCIL MEMBER:** \_\_\_\_\_

**WHEREAS**, the City of Detroit (“City”), City of Detroit Brownfield Redevelopment Authority (“DBRA”) and FCA US LLC (“FCA”) have been in discussions to bring about the investment of approximately \$2.5 billion in FCA’s Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the “Projects”) to expand certain industrial automotive manufacturing in the City; and

**WHEREAS**, in support of the Projects, the Detroit Land Bank Authority (“DLBA”) wishes to transfer certain DLBA parcels as more particularly described in the attached Exhibit A (“DLBA Parcels”) to the DBRA or other third parties as directed by that certain land transfer agreement by and between the DLBA and the DBRA (the “Land Transfer Agreement”); now therefore be it

**RESOLVED**, that Detroit City Council hereby approves of the sale of the DLBA Parcels to the DBRA or other third parties for the purchase price of One and 00/100 Dollar (\$1.00) pursuant to the Land Transfer Agreement.

(See Attached Exhibit A)

## RESOLUTION 2

BY COUNCIL MEMBER: \_\_\_\_\_

**WHEREAS**, the City of Detroit (“City”), City of Detroit Brownfield Redevelopment Authority (“DBRA”) and FCA US LLC (“FCA”) have been in discussions to bring about the investment of approximately \$2.5 billion in FCA’s Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the “Projects”) to expand certain industrial automotive manufacturing in the City; and

**WHEREAS**, in support of the Projects, the City and the Detroit Land Bank Authority (“DLBA”) each desire to sell certain properties to Hantz Farms, LLC (“Hantz”), a Michigan limited liability company, under development agreements, with such City-owned properties to be sold to Hantz as more particularly described in the attached Exhibit B – City Property (“City Properties”) and with such DLBA-owned properties to be sold to Hantz as more particularly described in the attached Exhibit B – DLBA Property (“DLBA Properties”); and now therefore be it

**RESOLVED**, that Detroit City Council hereby approves of the sale, by development agreement, of the City Properties to Hantz for the purchase price of \$0.0833 per square foot of the City Properties; and be it further

**RESOLVED**, that Detroit City Council hereby approves of the sale of the DLBA Properties to Hantz for the purchase price of \$0.0833 per square foot of the DLBA Properties; and be it further

**RESOLVED**, that the Mayor, Planning and Development Department (“P&DD”) Director, or their authorized designee, is authorized to execute a development agreement and issue quit claim deeds for the sale of the City Properties, as well as execute such other documents as may be necessary or convenient to effect the transfer of the City Properties to Hantz consistent with this resolution; and be it further

**RESOLVED**, that the development agreement for the City Properties shall obligate Hantz to: 1) develop the City Properties for the purposes of renovating unoccupied structures, planting and maintaining hardwood trees and conifer trees on vacant lots, and conducting such other uses which are or will be consistent with applicable law, regulations and ordinances, including zoning and 2) transfer certain Hantz-owned properties, as identified by the P&DD Director, to the DBRA for the Projects; and be it further

**RESOLVED**, that the P&DD Director, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the City Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it further

**RESOLVED**, that Detroit City Council approves that any of the City Properties and/or DLBA Properties listed in the attached Exhibits may be substituted and/or additional properties may be sold to Hantz by the City and/or DLBA for a purchase price of \$0.0833 per square foot of property, provided that such substituted and/or additional properties are approved by the P&DD Director and are within the geographical boundaries of: 1) Jefferson Avenue, St. Jean Street, Mack Avenue and Fisher Street and/or 2) Mack Avenue, Van Dyke, Maxwell and Kercheval; and be it finally

**RESOLVED**, that the City’s development agreement and quit claim deeds will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

## RESOLUTION 3

**BY COUNCIL MEMBER:** \_\_\_\_\_

**WHEREAS**, the City of Detroit (“City”), City of Detroit Brownfield Redevelopment Authority (“DBRA”) and FCA US LLC (“FCA”) have been in discussions to bring about the investment of approximately \$2.5 billion in FCA’s Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the “Projects”) to expand certain industrial automotive manufacturing in the City; and now therefore be it

**RESOLVED**, that in support of the Projects, the Detroit City Council hereby approves the sale of those certain three (3) parcels of land, as more particularly described in the attached Exhibit A incorporated herein (“City Parcels”), to DTE Electric Company (“DTE”) in exchange for DTE’s transfer of a portion of 12000 East Jefferson and all of 11860 Freud, as more particularly described in the attached Exhibit C, to the DBRA for incorporation into the Projects; and be it further

**RESOLVED**, that the City shall receive additional fair value for the City Parcels from the DBRA at a future date under separate agreement between the City and the DBRA; and be it further

**RESOLVED**, that Detroit City Council hereby approves the sale of those certain twenty two (22) parcels of land, as more particularly described in the attached Exhibit B incorporated herein (“DLBA Parcels”), to DBRA for the purchase price of One and 00/100 Dollar (\$1.00) for transfer to DTE in exchange for DTE’s transfer of the above described property to DBRA; and be it further

**RESOLVED**, that the Mayor, Planning and Development Department (“P&DD”) Director, or their authorized designee, is authorized to execute a property exchange agreement and issue quit claim deeds for the sale of the City Parcels, as well as execute such other documents as may be necessary or convenient to effect the transfer of the City Parcels to DTE consistent with this resolution; and be it further

**RESOLVED**, that the P&DD Director, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the City Parcels, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

**RESOLVED**, that the City’s property exchange agreement and quit claim deeds will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

## RESOLUTION 4

**BY COUNCIL MEMBER:** \_\_\_\_\_

**WHEREAS**, the City of Detroit (“City”), City of Detroit Brownfield Redevelopment Authority (“DBRA”) and FCA US LLC (“FCA”) have been in discussions to bring about the investment of approximately \$2.5 billion in FCA’s Mack 1, Mack 2 and Jefferson North Assembly Plants (collectively the “Projects”) to expand certain industrial automotive manufacturing in the City; and now therefore be it

**RESOLVED**, that in support of the Projects, the Detroit City Council hereby approves the sale of those certain six (6) parcels of land, as more particularly described in the attached Exhibit A incorporated herein (“City Parcels”), to Michael Kelly or an affiliated entity controlled by Michael Kelly (referred to herein as “Purchaser”) in exchange for Purchaser’s transfer of 3873, 3963 and 4621 St. Jean and 5732 Winslow, as more particularly described in the attached Exhibit B, to the DBRA for incorporation into the Projects; and be it further

**RESOLVED**, that the City shall receive additional fair value for the City Parcels from the DBRA at a future date under separate agreement between the City and the DBRA; and be it further

**RESOLVED**, that Detroit City Council approves that any of the City Parcels listed in the attached Exhibit A may be substituted and/or additional properties may be transferred to Purchaser by the City, provided that: 1) the City receives additional fair value for any substituted and/or additional City-owned properties from the DBRA at a future date under separate agreement between the City and the DBRA and 2) any substituted and/or additional City-owned properties be within the geographical boundaries of the City’s Banglatown and Jefferson Chalmers neighborhoods; and be it further

**RESOLVED**, that the Director of the Planning and Development Department (“P&DD”), or his authorized designee, is authorized to execute quit claim deeds and such other documents as may be necessary or convenient to effect the transfer of the City Parcels to Purchaser consistent with this resolution; and be it further

**RESOLVED**, that the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the City Parcels, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

**RESOLVED**, that the quit claim deeds for the City Parcels will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.
